

Winter Trail Access and Condition Update February 23rd – March 3rd, 2022

Winter Trail Highlights

- Most SnoParks on the Forest have adequate snow coverage, although some low elevation SnoParks are showing bare ground. The general condition of the snowpack is light powder atop a dense hardpack. With a steady warm up expected this week and then a wintry mix by the weekend, visitors should expect dynamic conditions.
- Expect moderate to heavy crowds at all developed recreation sites, especially over the weekends. Have a back-up plan as many parking areas are filling to capacity early in the day. **DO NOT PARK** in an illegal or unsafe location.
- Most of the temporary signs in the Dutchman-Moon Mountain area have been installed. However, many boundaries are unmarked. It is the visitor's responsibility to know where they are.
- Through April 30th, dogs are prohibited on the north side of Cascade Lakes Highway, including Meissner, Swampy, Vista and Dutchman Sno-Parks.
- Portions of Snowmobile Trail #3 and Snowmobile Trail #25 are closed. See inside for more details.
- All summer trails have at least some snow. See inside for more details.
- Many area roads are closed through April 1st including the Tumalo Winter Range and those that serve as winter trails. Use a map or smart phone app to make sure you know where you are.

Winter trail signage is there to help visitors have a safe and enjoyable experience. Different trail designations are marked by different colored diamonds. The color scheme shown above is used not just across the U.S. but internationally.

Significant bare ground is showing at low elevation SnoParks. This recent photo is taken at Upper Three Creek SnoPark. Although we did receive some recent snow, warm temps and possible rain are forecasted later in the week.

Special area restrictions or notations relating to the table below are as follows:

- 1 = Area/trails closed to dogs except working dogs in harness on groomed snowmobile trails and only with a permit**
- 2 = Area open to dogs**
- 3 = Area/trails closed to motorized use**
- 4 = Vehicles with trailers limited to 40' overall length**
- 5 = High to extreme use with special area/trail restrictions, see SnoPark information board, trail maps and area signing for full details. Very limited parking, try to avoid on weekends and holidays.**

WILDERNESS PERMITS:

Beginning in 2021, Wilderness permits are now seasonally required at 19 trailheads for day use and all trailheads for overnight use in the Mt Jefferson, Mt Washington and Three Sisters Wildernesses. This year, permits will be required from **June 15th to October 15th, 2022**. Overnight permits will become available starting **April 5th**. Day permits will become available starting **June 10th**.

How do I learn more about the permit program?

[Willamette National Forest - Home \(usda.gov\)](https://www.usda.gov/land-management/willamette-national-forest)

How do I get a permit once they are available?

[Recreation.gov - Camping, Cabins, RVs, Permits, Passes & More](https://www.recreation.gov/camping/cabins/rvs/permits-passes-more)

Then put "Central Cascades Wilderness" in the search and all options will show. Reservations can also be made over the phone.
